FAQs

WHAT'S INCLUDED WITH MY CLASS?

- One 30-min. class per week (25 min. instruction)
- 4 free public sessions and unlimited \$5 public sessions
- Free skate rental for classes through B6/Adult 6
- Annual Learn to Skate USA Membership, including skills booklet, testing, level badges
- Make-up classes during current session (**All classes and make-up lessons expire at the end of current enrolled session!**)

WHAT SHOULD I WEAR?

Warm clothes, gloves, and long pants are essential. Tall socks that cover the ankle must be worn with rental skates. **Helmets are strongly recommended for beginner skaters.**

WHERE DO I GO BEFORE CLASS?

Please arrive 30 minutes before class time to check in and put skates on. **On the first day of class, you'll be given your enrollment card, first-day class sticker, and further information. Snowplow 1, Basic 1, and Adult 1 please attend Newcomer Orientation 30 minutes before first class!** Each week thereafter, check in with your enrollment card at the cashier counter, and pick up sticker for class attendance. Skaters without stickers or with stickers from previous classes will be asked to leave the ice to obtain the appropriate class sticker.

WHEN DO I GRADUATE?

Skaters are tested at the end of each 8-week session to determine future class levels. Some skills take more than 8 weeks to master. **Completion of a session does not guarantee promotion to next class level.** Promotion is based on proficiency of required skills to help ensure safety and preparedness to learn new skills.

FAQs

DO I HAVE TO BUY MY OWN SKATES?

Rental skates are fine for beginners, but as you advance, the support and consistency of your own skates will enhance your progress. We recommend purchasing your own skates at the Basic 3-4/Adult 2-3 level. The elements learned at those levels and beyond require more support and edge control than rental skates usually provide. Our pro shop is ready to help you buy your own skates. If your fitting demands special attention, custom fitting is available for \$20 (applicable to the purchase of skates from Chaparral). **Skaters in Pre-Free Skate and above and On-Ice Specialty Classes must be in their own skates!**

SHOULD I PRACTICE OR TAKE PRIVATES?

Skaters who practice regularly outside of class progress faster! Practice is even more effective when spread throughout the week, rather than all on class day. We strongly encourage skaters to take advantage of passes and discounts to come practice on our daily public sessions.

Private lessons are a great idea for skaters who may be having trouble mastering skills or who desire to compete. For more information, contact Kathy Goeke, Figure Skating Program Manager, at 512-252-5800 ext. 125, kathy@chaparralice.com.
