IMPORTANT INFORMATION – PLEASE READ

In order to have a great skating experience it is important to get properly fitting skates. Skates that are too big make skating very difficult and cause blisters. Our skate guards are trained in fitting skates, so don't hesitate to ask if you need assistance.

Skate Fitting Tips:

1. Give us your actual shoe size and we will convert it to the appropriate skate size.
2. Loosen the laces all the way down past the curve in the boot.
3. Hold the tongue up as you put your foot in so that it does not slide down with your foot into the boot.
4. Lace the skates through ALL of the eyelets and make sure it is tight around the ankles.
5. Skate should fit snug. No need for "room to grow".

All guests are required to abide by the skater's responsibility code which is displayed at the rink. Chaparral Ice reserves the right to revoke the skating privileges of any guest who violates these rules or endangers other guests. In this event, there are no refunds.

Thank you for visiting us, we appreciate your business. We hope you have a great skating experience and will come back again soon.
