THEATRE ON ICE is USFSA's newest figure skating discipline and the hottest thing on ice, with competitive events offered from basic skills all the way up to a national championship. Popular in Europe for years where it is known as Ballet on Ice, TOI combines the grace of figure skating with the excitement and creativity of theater and dance.

Chaparral's Tuesday class will be divided for USFSA competitive members and Learn to Skate basic skills and will focus on skills development as well as choreography for upcoming performances at HEB Center during Texas Stars hockey intermissions and preparing for Chaparral's annual Christmas show.

After the holidays, get ready to "take the show on the road" as we gear up for the TOI competitive season. Teams will have the chance to participate in local competitions in Central Texas and throughout the region, as well as a possible trip to the 2018 National Championships in Illinois!

BENEFITS OF BEING A PART OF A TOI TEAM:

- More performance opportunities in competitions and shows
- Develop the dramatic side of your skating
- Be part of a team while using your technical skills
- Make new friends at home and away
- A chance to travel locally, nationally (and even internationally!)
